

REMARKS

Applicant has amended the specification and FIGS. 1A and 1B. In paragraph [0007] of the specification, "FIG. 1B" has been replaced with "FIG. 1A." In paragraph [0018] of the specification, "voice module 140" has been replaced with "voice module 142." In FIG. 1A, reference numbers 142 and 140 has been swapped. In FIG. 1B, reference number 150 has been added.

The amendment corrected typographical errors. No new matter has been added.

The original FIG. 1A showed main control unit ("MCU") 150. Paragraph [0007] includes a brief description of FIG. 1B, and has been corrected to refer back to control unit 150 in FIG. 1A. In addition, FIG. 1B has been amended to explicitly show the reference number 150, as described in original paragraph [0007].

Original paragraph [0018] refers to "voice module 142" and "receiver 140." FIG. 1A has been amended to conform with this description of paragraph [0018]. Furthermore, a typographical error has been corrected in paragraph [0018].

The Examiner is invited to call Applicant's attorney at (415) 772-1200 if there are any questions.
